

Take Control of your Retail Security

As a leading systems integrator, we understand the needs and security challenges of retailers. At TSI, we have the experience to develop and implement a powerful solution to secure your customers, employees and property, while also enhancing merchandising and operations, to ensure profitability.

Our Security Consultants have extensive expertise in Loss Prevention and understand how to provide best-fit technology to deliver the results you need, all within your budget.

Video Analytics

- * Analyze customer behavior to increase customer satisfaction, sales opportunities, store optimization
- * People counting to determine staff levels and improve marketing efforts
- * Detects organized retail crime behaviors
- * Shelf Monitoring- be alerted immediately when an item is out of stock or when it is low, to maximize sales and offer a more satisfied shopping experience for customers
- * Checkout Line Management- improve checkout wait times for customers, and determine high traffic times for better cashier staffing

Reduce Shrinkage and Deter Fraud

- * Capture cashier-related shrinkage with POS integration an high-definition footage to monitor unusual patterns, unauthorized discounts, manually entered values and coupon errors
- * Receive immediate reports or alerts as incidents occur from multiple sources, including POS, access control, intrusion detection, EAS and LPR systems
- * Integrate traditional analog or advanced IP cameras with your EAS system for immediate alerts, documentation, and analysis to lower costs, and minimize investigation time

Remote Management

- * Monitor and configure all features of your security system from anywhere and at any time through a secure network
- * Access live and recorded video from any authorized computer, smart phone, tablet or other device, and receive potential threat alerts to these devices
- * Share any image, analytic or report via email or other network media for quicker police response times and a more efficient transfer of information

TSI provides the highest quality systems from the top manufacturers in the industry at the most affordable prices

We understand your retail security needs...

Point-of-Sale Integration

- * Reliable video surveillance of in-store, point-of-sale (POS) and cash-handling areas
- * Effective security integration of POS, access control, intrusion alarms and Electronic Article Surveillance (EAS) Systems
- * Catch sweetheating in the act
- * Monitor restricted areas and locked displays

Parking Lot & Perimeter

- * Maximize parking lot video coverage and visibility to deter theft and vandalism
- * Identify suspicious vehicles with reliable license plate recognition
- * Monitor merchandise delivery and point of entries/exits
- * Quickly and accurately identify false liability claims to avoid higher insurance premiums

Back Office & Warehouse

- * Safeguard merchandise, equipment and assets
- * Track access, time and attendance
- * Monitor and secure entry and exit points

“*From loss prevention and parking lot safety to better customer service and store optimization, TSI has transformed the way retail professionals run their businesses successfully.*”

“Providing local, fanatical customer service and support since 2004.”

**Unlock the door
to Confidence!**
